Who we are

Siempelkamp Giesserei is a world champion in casting. It is one of the world's biggest foundries specializing in hand-mold casting. We have already achieved a number of world records for size and weight. In Krefeld, we have been producing particularly robust and long-lasting components for many years. Without our components, there would be no clean energy, no new cars, and no high-performance machines. We are the only company in Europe that efficiently and sustainably produces components on this scale. Siempelkamp Giesserei is a successful and constantly growing company, which is geared up for the future with modern facilities.

Who we are seeking

Gain an advantage by casting and opt for a secure career at our foundry!

We are seeking production assistants for the melting shop, core shop, molding shop, and fettling shop (grinding and deburring components).

What we offer

Salary example:

Monthly wage	€3,066
(incl. vacation pay and Christmas bonus)	
+ Shift allowance	
+ Overtime (e.g. two Saturdays per month)	
Gesamtbrutto	approx. €3,500

Apply now and become part of our team!
